## Program Option Preferences

Gathering congregations can give input about their interest in specific Gathering program options. In addition to daily Bible study, Sessions, and Interactive Center, these program options allow participants to serve or learn at the Gathering in a unique or extended way. At the time of registration, the Gathering Office asks that you rank your order of preference to participate in the three program options listed below. (You are also given the option to opt-out of this process.)

Congregations will be selected for their preferred program option based on availability and order in which they registered for the Gathering. Providing this information at registration will allow more congregations to connect to unique Gathering programs and assist Gathering planners' allocation of resources.

More information about program options is available in the Gathering Registration Book on page 6

Check if your group wishes to NOT participate in any of these program options.

Gathering planners attempt to assign congregational groups according to your ranked preferences. Please rank the following program options with 1 (most preferred), 2, and 3 (least preferred).
