Program Option Preferences

Gathering congregations can give input about their interest in specific Gathering program options. In addition to daily Bible study, Sessions, and Interactive Center, these program options allow participants to serve or learn at the Gathering in a unique or extended way. At the time of registration, the Gathering Office asks that you rank your order of preference to participate in the three program options listed below. (You are also given the option to opt-out of this process.)

Congregations will be selected for their preferred program option based on availability and order in which they registered for the Gathering. Providing this information at registration will allow more congregations to connect to unique Gathering programs and assist Gathering planners' allocation of resources.

Check if your group wishes to NOT participate in any of these program options.

Gathering planners attempt to assign congregational groups according to your ranked preferences. Please rank the following program options with 1 (most preferred) and 2 (least preferred).

CONGREGATIONAL WORKSHEET

Multi-Ethnic Initiative

Does your congregation have multiple ethnicities? Are you and your youth interested in helping us celebrate the ethnic diversity of our church body? Is your congregation in a multi-ethnic community and your youth or congregation have vision to see your congregation and youth ministry look like your diverse community? Do your youth desire to reach a community that is different from them?

The MOSAIC Team is planning on special program options that will celebrate ethnic diversity of the Church and provide opportunities to grow as bridge builders in our communities and congregations.

By selecting this option in the registration program, the Primary Adult Leader will be added to the email update list.

Check if your group wishes to participate in the MOSAIC event.

Gathering Worship Choir and Symphony

Gathering planners hope to provide youth with musical gifts the opportunity to serve during the Gathering Worship Service as members of the Gathering choir and wind symphony. Planners are working on the scope and details for the choir and symphony. Application and audition information will be available Spring 2022. By selecting this option in the registration program, the Primary Adult Leader will be added to the email update list for these service opportunities.

Check if you wish to receive updates regarding the Gathering Worship Choir and Symphony for your youth.
